

## Invitation: Help us bring Journey to Justice to Manchester

**Journey to Justice** aims to inspire people, through learning from past and present human rights struggles to take action for social justice.

**The Journey to Justice mobile exhibition** tells the extraordinary stories of the men, women and children involved in the civil rights movement. Using a dynamic mix of photography, text, audio-visual features, poetry, music and interactive installations the exhibition explores what leads people to become and stay active in social justice campaigns of all types. **As the exhibition travels around the country we will partner with local communities to run a programme of events**, telling local stories of fighting for freedom, equality and human rights. We will show how change for social justice can happen led by 'people like us'.
